

Douglas P. Dragon *KH6XM* - Maui - Ex K6DCH, Malibu, Calif. Born 1939, the oldest son of Carmen Dragon 1914-1984 - Carmen Dragon was a fixture of Hollywood Music scene for decades, conductor of the Hollywood Bowl-composer-arranger and Oscar/Emmy award winner.

Doug's younger brother (Captain) Daryl is none other than Toni Tennille's husband (Captain & Tennille fame) I was able to confirm that Douglas was early on fascinated with ham radio in the 50s and continued in ham radio to this very day in Maui as KH6XM. There were some vague notions that Daryl Dragon was a ham and that was not true.

Douglas, Daryl and (Dennis younger brother) at one time played keyboards and percussion for The Beach Boys, you might say it was the Three Wilsons and the Three Dragons.

Early on Douglas and Daryl played together in the coast scene working in clubs and casuals (parties and special events)

Notes; Douglas appears in the 1964 Call Book under K6DCH out of Malibu.

Carmen Dragon was so respected in the Hollywood scene that among his credits and popularity, in his hometown of Antioch, CA the local elementary school was named after him. Also Oscar recipient & orchestral arrangements are still available today.
