

Ken Boord was one of the fathers of the Shortwave listening post hobby and got his start in 1944 with the Gernsback Publication Radio News. Contributors got Ken's wallet card as a token of thanks and others got an autographed copy of Ken's shack on the front page of Radio News. A lot of gratitude goes to this man and his efforts in the game. Dx editor Ken Boord in 1956 authored and published a DX handbook "The World At A Twirl."

Kenneth R. Boord 1911-1995 of Morgantown WV. "RIP" (editor - I am sure Ken was not compensated in any way) Jerry Berg of Ontheshortwaves.com has good info. W8SU 2006
